

American Society for Healthcare Risk Management  
**HRM WEEK**  
JUNE 19-23, 2017

Presented by

**THE RISK AUTHORITY**  
STANFORD

**At \_\_\_\_\_, everyone is Making a World of Difference.**

We are celebrating Healthcare Risk Management Week Presented by The Risk Authority Stanford, June 19-23, 2017. This annual campaign from the American Society for Healthcare Risk Management raises awareness about the critical role healthcare risk managers and safety professionals play in patient safety, patient care practices, quality assurance, safe work environments, and liability. It also promotes solutions to help prevent some of the most common patient safety events.

This year's theme, Leading Innovation in Risk Management celebrates the unique contributions that health care risk management professionals provide to hospitals and health systems across the country. These innovations are vital in the pursuit of advancing patient safety, reducing uncertainty and maximizing value.

"We are extremely proud of how our entire staff works every day, along with our Risk Management professionals, to ensure our number one priority of patient safety," says (Name, title, name of organization). "We recognize the important role each employee plays in promoting safe and trusted healthcare. As we celebrate this special week, we applaud everyone's safety efforts. Thank you!"

\_\_\_\_\_ is celebrating HRM Week with these events: \_\_\_\_\_.

*(Note: Depending on the size of your Risk Management staff, you may want to recognize them by listing their name and any credentials such as CPHRM, and thank them for a job well done.)*
