

American Society for Healthcare Risk Management

HRM WEEK

JUNE 20-24, 2016

Presented by

THE RISK AUTHORITY
STANFORD

- IDENTIFY:** Identify risks in your department that could be preventable, serious safety events.
- COLLABORATE:** Talk to your healthcare risk manager about how you can help avoid these risks.
- ADVOCATE:** Talk to your healthcare risk manager about how you can help avoid patient safety risks.
- LEARN:** Learn more about risk management and its professionals. Join ASHRM at www.ASHRM.org today.

Making a World of Difference

All healthcare workers play a critical role in patient safety

A personal membership group of
 American Hospital Association®
