

70% of ASHRM Members Make or influence strategic decisions

Who is ASHRM

The American Society for Health Care Risk Management serves a well-educated and engaged membership of more than 6,000 health care risk management and patient safety professionals.

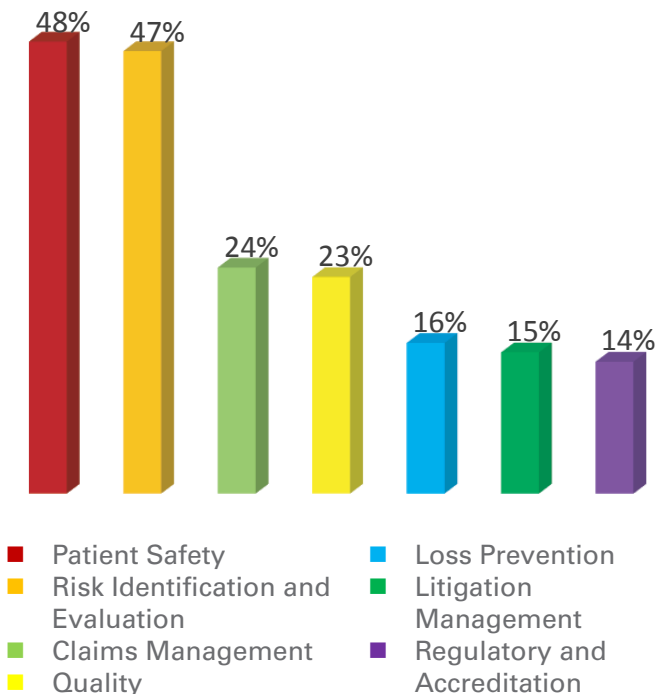

ASHRM is the leader in advancing safe and trusted health care, promoting effective and innovative risk management strategies and professional leadership.

ASHRM members represent a variety of hospitals, health systems and health care related entities with clinical, legal and financial interests.
