It's #PSAW22! Celebrate Patient Safety Awareness Week with us with tools and resources from @ASHRMAHA! <http://ow.ly/xkf050HVxsn>

This #patientsafety awareness week, we'd like to celebrate all those that ensure patients are safe along the continuum of care. #PSAW22 <http://ow.ly/xkf050HVxsn>

Risk managers need to have a firm grasp of patient safety concepts before an incident occurs. That's why we utilize tip sheets and patient safety training from @ASHRMAHA. <http://ow.ly/xkf050HVxsn>

This #PSAW22, we recognize the expertise #riskmanagement professionals contribute to #patientsafety initiatives throughout the health care system. <http://ow.ly/xkf050HVxsn>

.@ASHRMAHA has a high acuity patient external transfer guidance tool and a safe procedural surgery gap analysis tool available for #PSAW22. Utilize these and other ASHRM tools this week and throughout the year! <http://ow.ly/xkf050HVxsn>

.@ASHRMAHA offers a #patientsafety certificate course. This program helps risk management professionals apply key #patientsafety concepts in the clinical setting. Learn more this #PSAW22! <http://ow.ly/xkf050HVxsn>
